Introduction

Introduction

Purpose

The Airport Service Standards Handbook provides guidance for frontline airport teams, including agents, team leaders, supervisors, duty managers, and airport managers, on delivering the Etihad experience at every airport touchpoint.

Airport teams should use this handbook as a reference for daily operations, while leaders can use it for coaching, performance feedback, and service delivery standards.

Distribution & Applicability

This handbook applies across the Hub and all Global Airports in the Etihad network. It supports a consistent approach to service delivery by Etihad teams, ground handlers, and service providers, regardless of location, in line with Etihad product and hospitality standards.

Consistent service builds guest trust, while warm interactions build loyalty.

Introduction

What is a Service Standard?

Service Standards are our commitment to delivering a consistent guest experience at every airport touchpoint.

They complement safety and operational procedures by focusing on how we make guests feel.

Through these standards, we aim to ensure every guest feels:

- Welcomed
- Calm
- Confident

Etihad Emotional Intentions

We go beyond physical comfort to create positive emotional experiences:

- Welcomed – Inspired by warm Emirati hospitality
- Calm – Delivered through empathy and thoughtful service
- Confident – Ensuring guests feel reassured and well supported

Marhaba Al Sa'a

As a reflection of Emirati hospitality, “Marhaba Al Sa’a” (Warmest Greetings) should be used at key guest touchpoints to create a warm and authentic welcome.

Tone of Voice (ToV)

Tone of Voice examples are intended as guidance, not scripts. Agents should communicate naturally and personalise interactions while reflecting Etihad’s warm, professional service culture.

Facilities Upkeep & Queue Management

All guest-facing areas should reflect Etihad's premium standards and remain:

- Clean, well maintained, and uncluttered
- Fully operational and easy to navigate
- Equipped with correctly positioned counters, seating, signage, and equipment.
- Designed to provide a clear and accessible guest journey
- Any issues should be resolved promptly
- Queue layouts and branding must comply with Etihad Airport Brand Guidelines or local airport requirements

What do guests expect?

- A positive first impression of Etihad
- Clear directions and organised queues
- Visible, welcoming, and proactive staff
- Support from the moment they arrive

Tone: Helpful | Organised | Proactive

- “Marhaba Al Sa’a . Where are you flying to today? Great, we’re ready for you at row [XXX]. Enjoy your journey”
- “I see you’re travelling as a family. We have a dedicated family check-in counter at row [XXX] to make things easier for you”
- “If you’ve checked-in online you’re welcome to use the self-service kiosks to save time today”

Note

Agents should proactively monitor queues and assist guests by directing them to less busy lines or available counters. Guests should be guided to the quickest and most efficient service option through polite, proactive support.

Guest Recognition & Benefits

Guest Recognition

Recognising Etihad Guest Emerald/Exclusive/Platinum/Gold and Silver helps strengthen loyalty, improve guest satisfaction, and reinforce the value of membership. Regardless of whether they are travelling in The Residence, First, Business & Economy acknowledging a guest's tier status shows appreciation for their loyalty to Etihad.

For more information on the Etihad Guest programme: Link [Etihad Guest](#).

Agents should:

- Build Loyalty – Make guests feel valued and encourage repeat travel
- Personalise the Experience – Tailor interactions based on tier benefits
- Reinforce Membership Value – Remind guests of their entitlements and benefits
- Know the Tiers & Benefits – Understand each tier's eligibility and benefits to confidently highlight privileges and provide accurate information

Tone: Discreet | Warm | Appreciative

- Greeting & Acknowledgement:
“Marhaba Al Sa’a Mr./Ms. [Last Name], thank you for being a loyal Etihad Guest Emerald/Exclusive/Platinum/Gold/Silver member”
- Benefit Reminder (Based on Tier):
Emerald/Exclusive/Platinum: “As an Etihad Guest Emerald/Exclusive/Platinum member, we look forward to welcoming you at our lounge before your flight today. The lounge is located [provide directions]”

Etihad Guest Benefits

Etihad Guest recognition is an important part of delivering a personalised airport experience. Frontline staff should familiarise themselves with the Etihad Guest programme structure, including the Core, Custom, and Beyond categories, membership tiers, and guest entitlements to ensure members are recognised consistently and professionally throughout their journey.

Communication

Frontline Communication

Frontline airport agents represent the airline at every guest touchpoint. Their communication should always be professional, empathetic, confident, and respectful. Even during challenging situations such as delays, excess baggage, or missed connections, agents should use positive, supportive language to help maintain guest trust and reduce frustration.

Best Practice

- Use positive and solution-oriented language
- Show empathy and ownership
- Avoid blaming, arguing, or saying “no” abruptly
- Provide clear explanations and alternatives
- Maintain calm, respectful, and professional communication at all times

These principles align with the Airport Service Standards’ emphasis on warm, guest focused, empathetic, and solution-oriented interactions across all airport touchpoints.

Key Communication Principles

- Acknowledge the guest before explaining policies
- Show empathy first
- Use positive, solution-focused language
- Avoid arguing or blaming guests
- Communicate calmly, confidently, and respectfully
- Stay professional during disruptions and complaints
- Focus on what can be done
- Personalise interactions by using the guest’s name

These practices support the service culture outlined within the Airport Service Standards handbook and help reinforce a consistent premium guest experience.

Suggested Communication

Avoid Saying	Better Alternative	Inspiring “Why”
That’s not my job.	Let me find the right person to assist you.	Every guest should feel supported throughout their journey, regardless of who they approach.
You are late.	Boarding is currently in progress, so please proceed directly to the gate.	Our response in time-sensitive moments can reduce stress and help the guest move forward with confidence.
I don’t know.	Allow me to check that information for you.	Taking ownership shows the guest that we care enough to find the right answer.
You need to calm down.	I understand this situation is frustrating, let me help.	Empathy helps guests feel heard, respected, and supported when they need us most.
There’s nothing I can do.	Let me explore the available options for you.	Exploring every possible option shows our commitment to helping guests continue their journey.
It’s airline policy.	Let me explain the policy and the available options.	Clear explanations help guests understand the reason behind decisions and maintain trust in our service.
You must pay extra.	It looks like your bag is over your included allowance today. For this amount, there is a charge of AED XXX that we can settle here at the counter for you.	Respectful communication makes difficult conversations easier and protects the guest relationship.
You should have checked online.	We recommend checking in online in the future to help save time at the airport.	Every interaction is an opportunity to help guests have a smoother journey next time.
Wait over there.	Please allow me to guide you to the waiting area.	Guiding guests with care makes them feel welcomed, valued, and looked after.
That flight is full.	Let me check what alternative options may be available.	Focusing on alternatives gives guests confidence that we are working in their best interest.
I already told you.	Allow me to explain that again for clarity.	Patience ensures every guest feels comfortable, understood, and confident about their journey.
You cannot board.	At the moment, boarding requirements have not yet been met. Let me explain the next steps.	Explaining the next steps with care helps protect safety and compliance while maintaining respect.

Suggested Communication

Avoid Saying	Better Alternative	Inspiring “Why”
This is not our fault.	I understand the inconvenience caused and we are working to assist you.	Guests remember how we support them during difficult moments more than who caused the issue.
You have too much baggage.	Your baggage is slightly above the allowance.	Using softer language protects the guest’s dignity while still applying the baggage policy correctly.
You missed your flight.	Unfortunately, boarding has now closed. Let me assist you with the next available options.	When plans change, our support can turn disappointment into reassurance and renewed confidence.
Go to another counter.	Please proceed to Counter X where my colleague will assist you further.	A clear handover creates a seamless experience and helps the guest feel continuously cared for.
You are in the wrong queue.	Let me guide you to the correct queue for faster assistance.	Guiding guests politely helps maintain queue flow while keeping the interaction warm and respectful.
I can’t help you.	Let me connect you with the appropriate team member.	Connecting the guest to the right support ensures no guest feels left alone or dismissed.
You need to wait.	Thank you for your patience while we complete this for you.	Acknowledging waiting time shows respect for the guest’s time and helps maintain trust.
That’s the rule.	These are the current travel requirements, and I’ll help guide you through them.	Explaining requirements with care helps guests feel informed rather than challenged.
Your bag is overweight.	Your baggage exceeds the allowance by 5kg.	Being clear and factual helps guests understand the allowance while keeping the conversation respectful.
You must step aside.	Allow me to assist you here.	Offering assistance calmly helps manage the area while preserving the guest’s comfort and dignity.
We are busy.	Thank you for your patience during this busy period.	Acknowledging the guest during busy periods reminds them they remain important to us.
I can’t guarantee anything.	I’m looking into this for you and will keep you updated.	Keeping guests updated builds reassurance, even when the final outcome is not yet confirmed.
That’s not possible.	Here’s what we can do for you.	Focusing on what we can do helps create a positive experience, even when the first choice is not available.

Transportation

Chauffeur Service

Etihad Chauffeur provides eligible guests with a seamless, premium door-to-door experience. As the first and last part of the journey, it should reflect Etihad's standards of service, comfort, and care.

What do guests expect?

Guests expect a punctual chauffeur, a clean and comfortable vehicle, and minimal waiting time. Chauffeurs should assist with baggage and ensure a smooth handover to airport staff for a hassle-free journey.

Guest Handling

Roaming Agent

The Roaming Agent provides proactive support across the airport, helping guests, reducing uncertainty, and improving the overall travel experience. Using a handheld device with access to operational systems, they act as a mobile Etihad ambassador at:

- Check-in halls
- Boarding gates
- Transfer areas
- Other operationally required locations

Guest Support

- Assist guests with enquiries
- Proactively engage and support guests
- Reduce queue congestion
- Support boarding operations
- Escalate and report guest concerns
- Support guest preferences where possible

Extra Care & Accessibility

Roaming agents should proactively assist:

- Elderly guests
- Families travelling with children
- Guests with reduced mobility
- Guests needing language support
- Guests who appear unsure and require assistance

SkyPort is Etihad’s internal platform that gives roaming agents real-time flight and guest information. It helps agents recognise guests, provide personalised assistance, resolve enquiries faster, and make informed decisions, ensuring a seamless and consistent service experience across airport touchpoints.

Tone: Service-oriented | reassuring | patient

- “Marhaba Al Sa’a. How may I assist you today?”
- “This queue currently has a shorter waiting time”
- “Your flight to London is departing from Gate C27 and boarding will begin at 20:10. Have a wonderful journey”
- “We are monitoring your connection and will support you accordingly”

At Etihad, we recognise that every guest has different needs. Our role is to provide the right support and ensure a smooth, comfortable airport experience.

What do guests expect?

- Agents who understand their needs
- Friendly, approachable staff
- Personalised support when needed
- A positive impression of Etihad
- A hassle-free and comfortable journey

Special Assistance

Tone: Empathetic | Calm | Solution-Oriented

Wheelchair

- “Marhaba Al Sa’a Mr./Ms. [Last Name]. My name is Ahmed, and I am going to help you through the terminal to your boarding gate for London. May I take your hand luggage?”

Visually Impaired & Deaf

- “Marhaba Al Sa’a, Mrs. Ryan. We’d like to make your journey as comfortable and seamless as possible today. We’ve kept a seat next to you free for your comfort. Would you prefer to board early?”

Unaccompanied Minors

- “Marhaba Al Sa’a. Mr./Ms. [Last Name], my name is Emma, and I’ll be taking Sophie through the airport and introduce her to the Cabin Manager who will help look after her on today’s flight.
- ❌ “Do you need special assistance?”
- Instead, they encourage phrases such as:
- ✅ “How may I be of assistance to you today?”
- ✅ “Would you like any assistance today?”

Excess Baggage

Managing excess baggage is an important part of check-in. While policies must be applied consistently, agents should provide clear information and support guests in choosing the best option.

What do guests expect?

- Clear explanation of baggage allowances and charges
- Polite and respectful communication
- Fair treatment when fees apply
- Guidance on available options, such as repacking or buying baggage online in advance

Tone: Empathetic | Calm | Supportive

- "It looks like we're slightly over the included allowance today"
- "To include this extra weight on your flight, there is an additional charge of AED [Amount]. I can help you settle that right here or if you'd prefer, we have a dedicated repack area right over at Row C"
- "If you book your extra baggage online in advance next time, you'll be able to take advantage of the early-bird discount to help you save time and money"

Premium Guest Experience

Premium Guest Experience

Premium Check-In is available for guest travelling in The Residence, First, Business and eligible Etihad Guest Exclusive, Emerald, Platinum and Gold.

What do guests expect?

A smooth and exclusive check-in experience delivered by experienced agents, allowing them to complete formalities quickly and enjoy more time in the lounge.

What should guests be saying?

- “My check-in experience was fast and efficient”
- “I spent less time at check-in and more time in the lounge”
- “The agents respected my privacy, preferences, and were always helpful”

Tone: Warm | Attentive | Exclusive

- “Marhaba Al Sa’a. Welcome back Mr./Ms. [Last Name], lovely to see you again”
- “I see you have reserved a seat in the middle-aisle of business. There is a window seat available if you would prefer?”
- “As you are traveling The Residence / First / Business with us, you are welcome to use Etihad Lounge or Partnered Lounge before your flight today. Our lounge is located [provide lounge directions]”

Note

To maintain the Premium check-in experience, guests who are not eligible should check in at the appropriate counters.

First Meet & Assist – Hub and Global Airports

We've been expecting you!

The First Meet and Assist Service (FMAS) provides a seamless premium airport experience through personalised support and priority handling. First Hosts escort guests from kerbside to aircraft, assisting with check-in, immigration, security, lounge access, gate transfer, and cabin baggage. Hosts must deliver professional, efficient service while maintaining the highest grooming and uniform standards.

Tone: Personal | Discreet | Seamless

- “Marhaba Al Sa’a, welcome to Abu Dhabi Mr./Ms. [Last Name]. I’ll be looking after you during your transit today”.
- “May I take your hand baggage?”
- “As you have a longer connection, I’ll take you to our First Lounge where you can relax and enjoy the facilities. Once it’s time for boarding, I’ll return to escort you to your departure gate.” “Your departure time is HH:MM LT”.
- “Please let the lounge team know if you need anything in the meantime. I’ll be back shortly”.

Note

Agent Positioning: When escorting a First guest, the First Host should position themselves slightly behind and to the side of the guest, maintaining a respectful distance of approximately one to two steps.

The Residence & First Check-in

First Check-In – Hub

The Residence and First guests should be escorted to the dedicated First Check-In area and handed over to the lounge concierge. At Abu Dhabi Premium Kerbside, porters assist with baggage while agents verify eligibility and coordinate baggage handling.

Guest Handling – Hub

- Welcome guests and request passport.
- Address guests by name at all times.
- Offer a warm or cold towel, signature beverage, and dates.
- Guests preferring a faster service may be checked in at a podium.
- Direct guests to the First immigration channel and First Lounge.

Guest Handling – Global Airports

- Deliver warm, personalised service.
- Proactively invite guests to the counter and offer assistance.
- Address guests by name throughout the interaction.

Boarding Pass Sleeves

- Present the boarding pass in an Etihad-branded sleeve using both hands.
- Clearly highlight the seat number, boarding gate, boarding time, and lounge location.

Tone: Personal | Discreet | Seamless

- “Marhaba Al Sa’a. May I see your passport?”
- “This is your boarding pass, Mr./Ms. [Last Name].”
- “You’re seated in 2A — a window seat. Your gate is XX, and boarding begins at XX:XX.”
- “Is there anything else I can assist you with before you proceed to the lounge or gate?”
- For FMAS-eligible guests: Agents shall personally escort the guest to the lounge - “We hope you have a wonderful journey”.
- For non-FMAS guests: A courteous farewell is extended - “We hope you have a wonderful journey”.

Business Check-in

Business guests should be directed to the next available counter for check-in.

- Stand, welcome the guest, and begin check-in
- Complete check-in efficiently while addressing guests by name
- Guests who do not require assistance may use self-service check-in
- Direct guests to the dedicated immigration channel and lounge, where applicable

Food & Beverage (Hub)

- A self-service refreshment station is available for premium guests, offering water, infused water, Arabic coffee, and beverages
- The station must remain clean, fully stocked, and in line with brand standards

Tone: Confident | Efficient | Attentive

- “Marhaba Al Sa’a, welcome back Mr./Ms. [Last Name]. Let’s get you checked in for your flight to London”
- “Your gate is A15 and boarding begins at 20:10. Please enjoy the lounge and let us know if there’s anything else we can arrange for you”
- “Is there anything further I may assist you with before you proceed to the lounge?”

Economy Guest Experience

Economy Check-in

Economy check-in is where our Economy guests commence their journey, and it is important that we process the transaction in a friendly, efficient manner.

What do our guests expect at this touchpoint?

- A smooth and efficient check-in experience
- Friendly, professional service
- Quick completion of formalities
- Recognition and attention, regardless of travel class
- Confidence that their journey is off to a good start

Tone: Friendly | Efficient | Helpful

- "Marhaba Al Sa'a, where are you travelling to today?"
- "Thank you for waiting"
- "May I have your passport please"
- Thank you for flying Etihad
- "Would you be interested in upgrading to Business today?"
- "Your baggage is 5kg above our baggage allowance. We can help you settle the additional charge of XXX here at the counter"
- "In the future, you can purchase extra baggage allowance online at a discounted price to help you save time and money"

Self-Service Bag Drop

Guests who have checked in online can use the Self-Service Bag Drop (SSBD) to quickly check in their baggage without agent assistance. Waiting times should be kept to a minimum.

At AUH, SSBD is located at:

- Row D – Economy
- Row A – Business

What do guests expect?

- A fast and seamless bag drop experience
- Minimal waiting time after online check-in

What should guests be saying?

- “The Self-Service was quick and efficient”
- “I was encouraged to use my mobile or online boarding pass where available”

Note

All guests travelling with 1 bag only should be redirected to SSBD

Departure Guest Experience

Boarding Gate

The boarding gate is the final airport touchpoint and helps shape the guest's last impression before departure.

- The gate area must be clean, organised, and free from clutter
- Flight information screens must display the correct flight details and boarding time
- Priority boarding lanes must be clearly marked and actively managed
- Boarding announcements must follow the [Airport Announcements Handbook](#) and be delivered in English

What do guests expect at this touchpoint?

- As the final step before departure, boarding should be smooth, efficient, and friendly, leaving guests with a positive last impression
- Premium guests expect priority boarding to be well managed and queue-free
- Economy guests expect a clear, organised boarding process
- All guests expect regular updates and clear communication

What should guests be saying?

- “Boarding was quick and easy”
- “The gate agents were friendly and helpful”
- “My priority boarding benefits were recognised”
- “I was offered pre-boarding when I needed additional assistance”
- “The boarding process was clearly explained”
- “I was kept informed of any flight updates or changes”

Boarding Process

Boarding must be conducted in a structured and controlled manner, ensuring only the correct boarding groups are invited at the appropriate time.

Pre-Boarding

- The Residence & First, Etihad Guest Emerald
- Extra Care guests

Group 1

- Business Class, Etihad Guest Exclusive and Platinum

Group 2

- Etihad Guest Gold, Priority Access guests

Economy Groups

Groups 3–5

- Board by groups, starting from the rear of the aircraft. Guests who miss their boarding zone can board with the next one. For example, a guest assigned to Zone 3 would board with Zone 4.

Group 6

- A380 flights only

Final Boarding Call

- Final call for all remaining guests, 20 minutes before gate closure
- Assist any guests requiring last-minute support

Tone: Warm | Respectful | Discreet

- “Welcome, Thank you for flying with us today”
- “May I please see your passport and boarding pass?”
- “Enjoy your flight”

Note

Maintain boarding integrity at both contact and remote stands. Boarding bridges and buses should be managed to prevent overcrowding.

Arrival Guest Experience

Arrivals & Baggage Services

Arrivals cover the journey from the aircraft door to baggage reclaim. Baggage carousel information should be accurate and clearly displayed, with agents available to assist guests and coordinate special service requests.

What do guests expect?

- A warm and professional welcome
- Clear baggage reclaim information
- Timely baggage delivery
- Staff available to provide assistance
- A positive final impression of Etihad

Tone: Empathetic | Reassuring | Proactive

- “Marhaba Al Sa’a. I’ve checked on your baggage, and I’m very sorry they haven’t arrived on this flight. It appears they are arriving on a later flight, so let’s arrange to have them delivered directly to your home or hotel so you don’t have to wait”
- “We apologise for the inconvenience, but it looks like your bags didn’t connect from XXX Airlines before your flight to Abu Dhabi. We’re already working on it and will deliver them to you as soon as possible”
- “We’ll keep you informed throughout. You can expect an update from us by 2pm tomorrow. If there’s anything else you need in the meantime, please don’t hesitate to ask”
- “I completely understand how frustrating this is. We’ll file a report now, and I’ll make sure you’re kept updated until your bag is safely returned”

Note

The Residence, First, Business, and Priority guests’ baggage should be among the first bags delivered to the baggage reclaim area.

Transfer Experience

A transfer is the journey from arrival in Abu Dhabi to a connecting flight. Guests expect clear directions, timely assistance, and reassurance throughout their connection. During disruptions, staff should provide empathy and clearly explain alternative arrangements.

What do guests expect?

- Clear and timely information.
- Quick directions to their next gate or terminal.
- Proactive support for disrupted journeys.
- A warm, understanding approach from staff.
- Confidence that their connection is being managed smoothly.

Tone: Efficient | Empathetic | Reassuring

- Your flight to London departs from Gate C32. Please follow the signs to Pier C. It's only about a 5-minute walk from here".
- "Let me quickly check the boarding time for your next flight so you can plan accordingly".
- "I see you have a short connection. Let's check if your next gate is nearby and help you get there as quickly as possible".
- "No need to worry. I've already notified the gate team, and you still have time to make your flight".
- "Mr. Jones, I'm very sorry due to the delay on your incoming flight, your connection to Sydney has departed. Let me take you through the new arrangements we've made for you".

Disruption

Flight disruptions can be stressful for guests. Whether caused by a delay, cancellation, missed connection, or denied boarding, our role is to provide clear information, show empathy, and support guests throughout the process.

What do guests expect?

- Timely and transparent updates
- Clear explanations of available options and next steps
- Empathetic and respectful communication
- Ongoing support until a solution is provided
- Confidence that Etihad is taking care of them
- A positive impression of how Etihad responds when things go wrong

Tone: Empathetic | Calm | Solution-Oriented

- “We apologise for the delay. I understand this can be frustrating. Let me share what’s happening and how we’re managing it”
- “We’re still waiting for final confirmation on your flight’s new departure time. I’ll be sure to keep you updated every 15 minutes”
- “We’re doing everything possible to minimise the delay. Thank you for your patience — we truly appreciate it”
- “We understand how this impacts your travel plans. We’re here to support you until we can get you on your way”

Roaming Agent- Disruption Guest Handling

During disruptions, the roaming agent serves as the visible frontline representative of Etihad, providing proactive support, accurate information, and reassurance to guests affected by delays, cancellations, missed connections, gate changes, or other operational irregularities.

Equipped with real-time operational tools, roaming agents are responsible for identifying impacted guests, reducing uncertainty, managing guest flow, and resolving enquiries at first contact whenever possible. Their presence helps minimise congestion at service desks, supports operational recovery, and ensures guests remain informed and cared for throughout the disruption.

Through calm communication, empathy, and service ownership, roaming agents play a critical role in maintaining guest confidence and delivering Etihad Airways commitment to hospitality, even during challenging situations.

Areas	Check In	Transfer	Boarding	Success Indicators

Wayfinding

Lounge outstation naming convention

Outstation lounges

- All outstation lounges featuring an Etihad Lounge should be named “Etihad Lounge”
- Specific cabin names should only be used on signage where there is more than one Etihad Lounge at an outstation, in which case these can be clearly defined
- The standard logo used for lounge directional signage, and at the entrance to a non-Etihad-owned lounge, where only our logo is displayed should feature the gold background wherever possible
- For larger entrance signage relating to Etihad-operated exclusive lounges, Gen 5 branding will be considered such as LHR, IAD etc

Example

- Etihad logo to be updated with Gold background
- Simplification of copy – removal of First & Business as there is only one lounge
